LETTER OF RECOMMENDATION – ELITE RECOVERIES

We herewith recommend the services of Elite Recoveries VAT recovery specialists.

After being approached by Pieta Erasmus we were at first reluctant to go through the process of auditing our VAT transactions for the past 5 years. But through the professional service of Pieta Erasmus and the team of Elite Recoveries we not only recovered some funds through VAT not claimed over the past 5 years but gained peace of mind in the way VAT transactions should be handled going forward.

For further reference you are more than welcome to contact me directly.

Regards
