

To whom it may concern,

Elite Recoveries approached us with a view of recovering some VAT from the Receiver of Revenue.

Surprisingly, Elite Recoveries saved us a considerable amount of VAT recovered from the past 5 years.

We were delighted that they did most of the work themselves and limited the involvement of my personnel.

We would definitely recommend Elite Recoveries to any business for a VAT review, as they are very professional and very effective.

Kindest regards,

Sagie Naidoo
Group Financial Director
